**Our field service technicians are highly skilled and trained.**

**We use manufacturer specified cleaning products and procedures.**

**Our disinfectant cleaners satisfy hospital requirements and standards.**

**Your service solutions will always be tailored to your business needs.**

## Our Process Includes:

Our equipment sanitizing process includes a thorough cleaning of all external and public-facing surfaces. This service may include:

- Keypads
- Touch Screens
- Buttons
- Equipment Surrounds
- Card Slots
- Signs
- Light Panels
- Braille Panels

Studies show that coronavirus can last up to 3 days on plastic and steel.<sup>1</sup>

---

The FirstLink Service Team family takes great pride in helping safeguard your business, team and clients against the spread of coronavirus and other bacteria.

We use cleaning products and antiviral solutions that are safe for your equipment and environment. We will partner with you to ensure our process is the right fit for your team.

*We look forward to the opportunity to support you!*
